

Roma Tre University
and Italian Universities

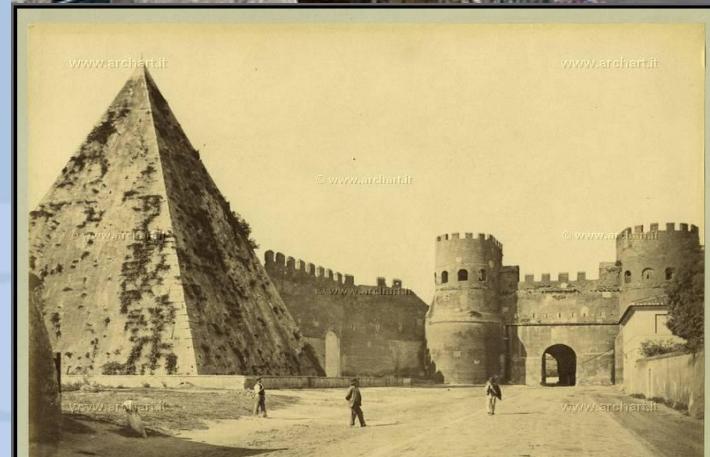

The Italian School System

The European Notion of Credit

- **1 CFU (credit) = 25 hours worth of student work,**
8 – 10 hours of which are occupied by lessons, workshops, etc., and the remaining hours by individual study.
It is equivalent to the ECTS credit, the European standard.
- **Example:** Typical number of credits for Engineering courses:
 $6 - 9 - 12 \text{ CFU/course} = 48 - 60 - 120 \text{ hours/course}$
- **180 credits:** Bachelor - 1st level degree (3 years)
- **120 credits:** Master - 2nd level degree (2 years)

Roma Tre University

- Founded in 1992, our university has gained a significant reputation in the academic world thanks to its quality teaching and research programmes.
- Roma Tre offers degree courses, including Master's Degrees and PhD programmes, in Architecture, Economics, Education Sciences, Engineering, Law, Humanities and Liberal Arts, Political Science, Mathematics, Physics and Natural Science.
- It carries out important research activities organised in various scientific branches. Among them there them 12 Departments.

Roma Tre University

- Roma Tre is an urban university and its main campuses are located in the Piramide/Ostiense area in the central/southern part of Rome: all locations are all easily reachable by subway.

Roma Tre University

- Roma Tre's Palladium Theatre hosts qualified international theatrical seasons, a variety of plays and experimental performances.

Roma Tre University

- Roma Tre offers its students many services, including sports facilities, university teams in various sporting disciplines including football, sailing and ping-pong, a stadium, an orchestra and a choir.

UNIVERSITÀ DEGLI STUDI ROMA TRE

Calcio a 5 e donne? Roma Tre ha vinto la sua scommessa

di Francesco Lanza

Le ragazze e il pallone? Per la maggior parte degli italiani questo è un tabù. Ma non a Roma Tre, dove da circa cinque anni il cammino tra il mondo del calcetto e quello della facoltà di Scienze Motorie è di stagione. In stagione è stato stretto sempre più, fino a creare una vera e propria facoltà dello sport. Il tutto è nato nel 2007 sulla scia del Campionato di calcio a 5 femminile organizzato dalla facoltà all'occhiello dello sport in Ateneo. Un gruppetto di ragazze vengono invitate al Cittadella Umanistica di Roma Tre per disputare il primo Campionato di calcio a 5 femminile di Roma. Non quasi per gioco e fin dalle incertezze, i dubbi erano tanti prima del via, il mondo capitolino con i ragazzi si tribuna a giocare? Una novità assoluta che riuscose, però, grande successo tra le partecipanti e che vide nascere una squadra definita "Giruisse". Con la sequenza dell'esperienza si è ripetuto e sul gradino più alto del podio si è saliti sempre di nuovo, mentre nell'edizione del 2009 Francesca Madonina ha guidato la Giruisse alla vittoria finale. Lo scorso anno, visto il grande segnale che si era creato intorno a questa manifestazione, è stata quindi convocata alla Rappresentativa di calcio a 5 femminile che aveva vinto il Campionato di calcio a 5 femminile di Roma, si è decisa di cambiare formula. Anche per le ragazze della facoltà. La regola dell'interfaccia Ogni ragazza iscritta doveva avere in rosa i giocattini della stessa facoltà eccezion fatta per una massima

di due spettatori provenienti da altre facoltà. «La nuova formula è stata accolta subito bene» - racconta Francesca Madonina, esponente affermata di come Roma Tre abbia funzionato - «e non lo dico solamente perché ho vinto anche io. Ma ho avuto buone relazioni con la mia squadra, le Giruisse per sbaglio. Il fatto di essere insieme ha dato un impulso in più a far bene e ha aumentato l'aggressività e il divertimento di tutti. Inoltre, è stato possibile creare un equilibrio». Per l'edizione 2010/11, che prenderà il via proprio il prossimo 13 ottobre, si prevede la partecipazione di 16 squadre, a dimostrazione di quanto il mondo del calcio a 5 femminile a Roma Tre da scommessa sia diventata una realtà vincente.

- **Science**
- **Political Science**

LE FACOLTÀ DI ROMA TRE

DEPARTMENT OF ARCHITECTURE

DEPARTMENT OF ARCHITECTURE

- *Bachelor: Architecture Sciences*
- *Master's of Architecture:*
 - ✖ *Architecture Projects*
 - ✖ *Urban Planning*
 - ✖ *Restauration*

<http://www.architettura.uniroma3.it>

DEPARTMENT OF ECONOMICS

DEPARTMENT OF ECONOMICS

- *Bachelor in Economics*

- *Master's in Economics:*
 - ✖ *Economics of Environment and Development*
 - ✖ *Labor market, industrial relations, welfare systems*
 - ✖ *Economical Sciences*

DEPARTMENT OF BUSINESS STUDIES

DEPARTMENT OF BUSINESS STUDIES

Bachelor:

- ✗ *Economics and Business Administration*

Master's:

- ✗ *Business Economics*
- ✗ *Economics and Management*
- ✗ *Finance and Business*

DEPARTMENT OF LAW

DEPARTMENT OF LAW

- *Bachelor in Science of legal services*
- *Single-cycle Master's degree 5 years Law
(one cycle)*

DEPARTMENT OF ENGINEERING

DEPARTMENT OF ENGINEERING

Bachelors

- *(Civil) Engineering*
- *Electronic Engineering*
- *Computer Engineering*
- *Mechanical Engineering*

DEPARTMENT OF ENGINEERING

DEPARTMENT OF ENGINEERING

Master's

- *Bioengineering*
- *Aeronautical Engineering*
- *Civil Engineering for protection from natural hazards*
- *Engineering of Infrastructure and transports*
- *Engineering for Information and communication technologies*
- *Electronic Engineering for Industry and Innovation*
- *Engineering Management and Automation*
- *Computer Engineering*
- *Mechanical Engineering*

Department of Philosophy, Communication and Entertainment

Department of Philosophy, Communication and Entertainment

Bachelors:

- ✗ *DAMS (disciplines of arts, music and entertainment)*
- ✗ *Philosophy*
- ✗ *Communication Sciences*

Master's:

- Cinema, Television and Multimedia Production*
- *DAMS theater, music, dance*
- *Information, publishing, journalism*
- *Philosophical Sciences*
- *Communication Theory*

Department of Languages, Literatures and Foreign Cultures

Department of Languages, Literatures and Foreign Cultures

Bachelors:

- ✗ *Foreign languages and cultures*
- ✗ *Languages and linguistic-cultural mediation*

Master's:
